HOW TO ORDER
Your shelving order will be processed most efficiently if you use current and correct codes on your purchase order. Shelving is offered in a variety of styles, sizes and colors. To view color samples, contact your Corcraft salesperson or the Customer Service Unit.

When you have made your style, size and color choices, you need to enter the right item code and the two digit paint color code on your purchase order. You must use the two digit color code numbers, not word descriptions. Here is an example of industrial shelving, steel construction, open type, knocked down, 36W x 18D x 75H, in black baked enamel paint:

(Item Code)       (Color Code)
F52-6336AK-__1 __1

PRICES
Prices are listed in Corcraft’s Pricing and Specification Guide available free from your Corcraft sales representative or by calling the Customer Service Unit. The Pricing and Specification Guide is also downloadable from our web site as a pdf file requiring Adobe Acrobat Reader, downloadable at no cost on the web.

LIGHTWEIGHT COMMERCIAL SHELVING

Responding to the needs of our customers, we have developed a lightweight version of our industrial shelving line.

All Corcraft customers can get assistance from a Corcraft sales representative. They provide detailed information on the more than 300 Corcraft products and can help in selecting the best solution and in placing orders. If you have not been contacted by Corcraft, please call our Customer Service Unit listed to the right. To place an order directly to our headquarters, FAX or mail your purchase order using the contact information at the right. If you FAX your purchase order, please do not mail a duplicate.

**Contact**

To obtain our Pricing and Specification Guide, product brochures, assistance in placing an order, or for information about Corcraft products and services, fill out and return the self-addressed card below.
**Industrial Shelving**

**Steel Construction Open Type**

- Each shelf rated capacity of 500 pounds, evenly distributed.
- 1/8” steel bracing strips used to reinforce open type shelving.
- Shelves adjustable in 1 1/2” increments.
- Seven shelves standard on each unit.
- Cold rolled steel and bolted within open and closed units.

**Steel Construction Closed Type**

- Cold rolled steel formed and bolted.

**Closet Style**

- More popular size shelving. For availability and colors, please contact our Customer Service.

**Assembly**

- Products are available in knocked down fashion or preassembled at the factory.

**Closed Type**

- Construction: solid wood.
- Shelf design: 1 1/2” increments.
- Preassembled units designed to fit in standard areas.

**Delivery Problems**

- Problems over 250 lbs and/or products that equal or exceed 96 inches in any direction (conference tables, preassembled shelving, etc.) can present special delivery problems, especially if passenger elevators are involved. Often they do not fit on passenger elevators and may require that a crane be used. If this is the case, it must be noted on the purchase order and received before entering the Corcraft order.
