**HOW TO ORDER**

Your cabinet order will be processed most efficiently if you use current and correct codes on your purchase order. Cabinets are offered in a wide array of paint colors. To view color samples and get the code, contact your Corcraft salesperson or the Sales Unit at the phone number on the back page.

When you have made your size and color choices, you need to enter the right item code and the two digit, paint color code on your purchase order. You must use the two digit color code numbers, not word descriptions. Here is an example of a 2 door wardrobe cabinet with light grey paint:
