HOW TO ORDER
Your table order will be processed most efficiently if you use current and correct codes on your purchase order. You need to choose a size and laminate wood tone. To view wood tone laminate samples, contact your Corcraft salesperson or the Sales Unit at the phone number on the back page. When you have made your size and laminate choices, you need to enter the item code and the two digit laminate code on your purchase order. You must use the two digit code numbers, not word descriptions. Here is an example of an OMEGA CRT table with walnut laminate top.

In conjunction with other ergonomic furnishings, the OMEGA i/ADJUSTABLE CRT line is designed to allow each operator to select their most comfortable working position. Comfortable workers are less susceptible to stress and fatigue, thus enabling them to enhance their job performance.

FEATURES
Height Adjustments
Each work surface has a right and left top crank position with height adjustments ranging from 25” through 46” to accommodate a variety of seated or standing work environments.

Laminates
1/8” thick laminated work surface available in oak, putty, and walnut with durable black bullnose edgebanding.

Frame
Constructed of 14-gauge tubular steel, black epoxy powder paint finish.

Standard Features
• Modesty panel
• Self-sealing glides to compensate for floor imperfections
• Acme threads on height adjustment mechanism for smooth operation and dependability

To designate caster option add “WC” suffix to the desired product code.
