**HOW TO ORDER APPAREL...**

Your clothing order will be processed most efficiently if you use current and correct codes on your purchase order. Every product in this catalog has an item code and size after it for the two-letter-size code and two-digit color code. You must choose size and color and use codes, not word descriptions. Here is an example for a sweatshirt:

Corcraft: "O05-3712_1_0_1_2_7"

You will find the size and color codes in the charts below. The next pages list all apparel products, with asterisks indicating areas where you record your choice. There are some additional points you need to know:

- Apparel items are manufactured, stocked, and sold only in dozens, and one dozen is the minimum order (unless otherwise noted).
- Corcraft uses several shipping vendors including UPS, EPS, and others. Some orders may be shipped by our own Corcraft fleet.
- Remember, with Corcraft, shipping is free.
